The 2020 IEEE International Conference on Mechatronics and Automation (IEEE ICMA 2020) will take place in Beijing, China from October 13 to October 16, 2020. Beijing is both a tribute to China’s proud history and a gateway to China’s future. The capital city during the Liao, Yuan, Ming and Qing Dynasties, Beijing has long been the political, cultural, and diplomatic center of China. It is now an international metropolis, home to 11 million people from all walks of life.

As the host city of IEEE ICMA 2020, Beijing not only provides the attendees with a great venue for this event, but also an unparalleled experience in Chinese history and culture. You are cordially invited to join us at IEEE ICMA 2020 in Beijing. The objective of ICMA 2020 is to provide a forum for researchers, educators, engineers, and government officials involved in the general areas of mechatronics, robotics, automation and sensors to disseminate their latest research results and exchange views on the future research directions of these fields.

The topics of interest include, but not limited to the following:
- Intelligent mechatronics, robotics, biomimetics, automation, control systems,
- Opto-electronic elements and Materials, laser technology and laser processing
- Elements, structures, mechanisms, and applications of micro and nano systems
- Teleoperation, telerobotics, haptics, and teleoperated semi-autonomous systems
- Sensor design, multi-sensor data fusion algorithms and wireless sensor networks
- Biomedical and rehabilitation engineering, prosthetics and artificial organs
- Control system modeling and simulation techniques and methodologies
- AI, intelligent control, neuro-control, fuzzy control and their applications
- Industrial automation, process control, manufacturing process and automation

Contributed Papers: All papers must be submitted in PDF format prepared strictly following the IEEE PDF Requirements for Creating PDF Documents for IEEE Xplore. The standard number of pages is 6 and the maximum page limit is 8 pages with extra payment for the two extra pages. See detailed instructions in the conference web site. Accepted papers will be published in the Proceedings of the 2020 IEEE International Conference on Mechatronics and Automation. The conference proceedings will be submitted to the IEEE Xplore® digital library.

Organized Sessions: Proposals with the title, the organizers, and a brief statement of purpose of the session must be submitted to an OS Chair by May 20, 2020.

Tutorials & Workshops: Proposals for tutorials and workshops that address related topics must be submitted to one of the Tutorial/Workshop Chairs by July 1, 2020.

Important Dates:
- June 10, 2020: Full papers and organized session proposals
- July 1, 2020: Proposals for tutorials and workshops
- July 15, 2020: Notification of paper and session acceptance
- August 1, 2020: Submission of final papers in IEEE PDF format
